

LETTER OF AUTHORIZATION

May 9, 2026

To Whom It May Concern,

We, the undersigned students of Carlos Hilado Memorial State University, respectfully request the registration and approval of the SMS Sender Name **“THA OFFICE”** for use in our capstone project entitled “Integrated Housing Services and Monitoring System.”

The project is intended to assist Informal Settler Families through a digital housing service and monitoring platform. The system's SMS functionality will be used to send official and transactional notifications, including appointment confirmations, schedule updates, verification notices, and important system alerts related to the project.

The intended recipients of these SMS notifications are registered users of the system who have voluntarily provided their mobile numbers and consented to receiving updates and notifications from the platform. All messages sent through the system will be strictly transactional, user-related, and non-promotional.

The requested Sender Name **“THA OFFICE”** refers to the Talisay Housing Office component of our project system and will be used to identify messages generated by the housing services and monitoring platform developed for our capstone study.

The expected duration of the project's use of the Semaphore SMS platform is from May 2026 until December 31, 2026, or until the completion of the capstone study.
